**Sec. 6-2-10. Granting of license.**

- (a) **Public Interest and General Welfare.** The City Council shall grant an alcoholic beverage license when it is found to be in the public interest and general welfare.
- (b) **Licensing Criteria.** The City Council, in determining whether or not any license or permit applied for under this chapter shall be granted or denied, shall consider the following:

- 
- (1) The applicant's reputation, character and mental and physical capacity to conduct a business engaged in the sale of wine, beer and/or alcoholic beverages.
  - (2) The location for which the license is sought as to traffic congestion, general character of the neighborhood and the effect such an establishment would have on the adjacent and surrounding property values.
  - (3) The number of licenses previously granted for similar businesses in the trading area of the place for which the license is sought.
  - (4) The proximity of the location of such establishment to church buildings, alcoholic treatment centers, school buildings, educational buildings, school grounds, college campuses and other public buildings or property in the surrounding area as provided for in section 6-2-11.
  - (5) Whether the applicant is a previous holder of a license to sell wine, beer and/or alcoholic beverages, and whether the applicant has violated any law, regulation or ordinance relating to such business.
  - (6) If the applicant is a previous holder of a license to sell wine, beer and/or alcoholic beverages, whether unusual police observation and inspection were required, including the number and frequency of complaints filed by citizens objecting to the manner in which the business was conducted in such location.
  - (7) Whether the applicant or the applicant's employee(s) have violated any state or federal law or regulation or any provision of this Chapter or other municipal ordinance, at any time adopted, relating to the sale, use, possession, or distribution of drugs or alcoholic beverages.
  - (8) The making of any untrue or misleading statement in the application for a license or any renewal thereof or the omission from such application or renewal of any information required in the application.
  - (9) Whether the license application is filed in good faith or is filed by some person as subterfuge for any other person.
  - (11) Evidence that the type and number of schools, churches, libraries, or public recreation areas, including playgrounds, or other circumstances, in the vicinity of the place of business could cause minors to frequent the immediate area, even though there is compliance with the minimum distances as provided in this Chapter.
  - (12) Whether the premises meets the requirements of all state, county, and city laws, ordinances and regulations which apply to said premises, including, but not limited to, zoning, building, fire, and sanitation codes as well as the distance requirements set forth in this Chapter.
  - (13) Whether the applicant has defaulted on any obligation, of any kind whatsoever, owing to the City of Guyton.
  - (14) Whether there is evidence that a substantial number of incidents requiring police intervention have occurred within a square city block of the proposed location during the twelve (12) months immediately preceding the date of the application.
  - (15) Whether an application has previously been denied on the basis of the qualifications or suitability of the proposed location.
- (c) **Maximum Number of Distilled Spirits Retail Licenses Permitted.**
- (1) Subject to subsections (2)–(6) below, the city will not accept any applications for the retail sale of distilled spirits by the package, and no licenses for the retail sale of distilled spirits by the package shall be issued over the number of two (2).

- 
- (2) If at any time and for whatever reason, the number of active licenses for the retail sale of distilled spirits by the package falls below two, then the city shall accept applications for and issue such additional licenses for the retail sale of distilled spirits by the package so as to bring the total number of active licenses for the retail sale of distilled spirits by the package to two. The City Manager shall set the dates during which applications under this Section shall be accepted.
  - (3) The provisions of subsection (2) notwithstanding, one (1) additional license may be issued once the population of the city exceeds 10,000. In this regard, additional licenses may be issued in the future for each 7,500 person increase in population over 10,000. In determining population, the city shall utilize the most recent population figures published by the Coastal Regional Commission of Georgia. In the absence of such figures, the city shall utilize any future decennial census.
  - (4) If the total number of permitted licenses has increased pursuant to subsection (c) above, and if at any time and for whatever reason thereafter, except as otherwise provided in this chapter, the number of active licenses for the retail sale of distilled spirits by the package falls below the number then permitted, then the city shall accept applications for and issue such additional licenses for the retail sale of distilled spirits by the package so as to bring the total number of active licenses for the retail sale of distilled spirits by the package to the total number then permitted. The City Manager shall set the dates during which applications under this Section shall be accepted.
  - (5) If the city receives more applications than allotted licenses to be issued under this section which applications comply with the standards for the issuance of licenses for the sale of package distilled spirits set forth in this Chapter, then the selection of the successful application(s) shall be conducted by a lottery system overseen by an independent third party firm. The independent third party firm shall draw the names of all applicants who have qualified to enter into the lottery. The applications drawn from the lottery system shall be considered by the City Council for approval according to the order in which they were drawn until all available licenses have been issued. If the City Council denies an application for any reason, it shall consider the next application that was drawn in the lottery. The location for which the first license is issued shall be considered an "existing liquor store" for purposes of Sec. 6-2-11(18)(a)'s 500-yard minimum distance requirement.
    - a. For example, if five applicants qualify for the lottery, the independent third party firm shall draw the names of all applicants and place them on a list ordered one through five. If application number one is granted a license and application number two's proposed location is within 500 yards of application number one's proposed location, application number two would be denied and the City Council would consider application number three.
  - (6) In the event that the City Council revokes a license for the package sale of distilled spirits under Sec. 16-2-15(a)(2) for the licensee's failure to open a liquor store to the general public within six months of the date the subject license was granted, the City Council shall consider the applications from the most recent lottery that did not receive a license. Such applications shall be considered in the order in which they were drawn during the lottery.

#### **Sec. 6-2-10.1. Application; investigation consent.**

- (a) All applications for licenses shall be made upon forms provided by the city. All applications shall contain a full and complete sworn and notarized statement by each applicant of all material facts as determined by the city manager to be relevant to the requirements of this chapter and further shall include, but not be limited to, the name of any other entity having a financial interest of ten percent or more in the establishment for which a license is sought.
- (b) Each applicant shall consent to an investigation and submit a complete set of fingerprints as instructed within the application, and fingerprints will be used to check the criminal history records maintained by the

---

Georgia Crime Information Center (GCIC) and the FBI for any instance of criminal activity during the five years immediately preceding the date of the application.

**(18) Package Sales of Distilled Spirits.** The package sale of distilled spirits shall only be permitted in retail package liquor stores (“liquor stores”) which are duly licensed by the city and state to sell distilled spirits by the package and which are devoted exclusively to the sale of alcoholic beverages in the original container for off-premises consumption. Such sales shall be subject to all state and federal laws and regulations, which shall supersede any sections of the City of Guyton Code of Ordinances that are less restrictive than state or federal laws and regulations, as well as the provisions of this Section:

- a. **Proximity Requirements.** In addition to the proximity requirements of Sec. 6-2-11(4) of this chapter, liquor stores may not be located within 500 yards of an existing liquor store.

  - e. **Building Requirements.** No license for the sale of distilled spirits shall be issued to any applicant whose building where the business will be conducted does not include a showroom of at least 1,500 square feet and 250 square feet of storage area. For liquor stores desiring to sell malt beverages and wine in addition to distilled spirits, at least an additional 250 square feet of showroom, and at least 250 square feet of storage area is required over and above the minimum square feet for the establishment set forth above. For the purposes of this ordinance, cooler space shall be considered storage area and spaces such as offices, mechanical rooms, janitorial rooms, breakrooms and bathrooms shall not count towards the minimum square footage requirements.
  - f. **Minimum Inventory.** Liquor stores shall maintain a minimum inventory of at least \$150,000.00 in distilled spirits available for sale. Liquor stores selling malt beverages and wine in addition to distilled spirits shall maintain a minimum of \$10,000.00 inventory in malt beverages and wine.
  - f. **Ingress and Egress.** Public ingress and egress to a liquor store shall be provided directly to and only to the exterior of the building in which the liquor store is located and not to any other enclosed part of the building in which it is located. For example, if a liquor store is located in a shopping center, there shall be no ingress and egress to the liquor store from another store in the shopping center.
  - f. **Zoning Requirements.** No license for the package sale of distilled spirits by the package shall be valid or granted under this chapter unless all applicable requirements or approvals of the City's zoning ordinance have been met or obtained.
  - g. **Restriction on Number of Licenses.** One person shall have not more than one (1) license for the package sale of distilled spirits in the city. No person shall either in his or her own right or as an associate of or through any company or agency own at any time more than one (1) license for the package sale of distilled spirits in the city.

Any such person shall present said license to City officials upon request.
- (20) **Private Clubs.** Private clubs licensed under the provisions of this section shall not be required to maintain the percentage sale of food/nonalcoholic beverages as compared to alcoholic beverages; however, any such organization shall be subject to all chapter regulations dealing with general licensing and consumption on the premises. In order for a private club to be eligible for a consumption-on-the-premises license:
- a. The local chapter shall have been in existence at least one year prior to the filing of its application for a license.
  - b. It shall have at least 75 regular dues-paying members.
  - c. It shall be organized and operated exclusively for pleasure, recreation and other non-profitable purposes.

- 
- d. It shall own, hire, or lease a building or space within a building for the reasonable use of its members, which building or space:
    - i. Has a suitable kitchen and dining room space and equipment; and
    - ii. Is staffed with a sufficient number of employees for cooking, preparing, and serving meals for its members and guests;
  - e. It shall have no member, officer, agent, or employee directly or indirectly receiving in the form of salary or other compensation any profits from the sale of alcoholic beverages beyond a fixed salary;
    - i. For purposes of subsection this subsection, the term "fixed salary" means the amount of compensation paid any member, officer, agent, or employee of a private club as may be fixed for him by its members at a prior annual meeting or by the governing body out of the general revenue of the club and shall not include any commission on any profits from the sale of alcoholic beverages.
  - f. It shall be a permitted use in the zoning district where it is located.
  - g. Maintain an intoximeter similar to those used by the city police department and make it available to any patron upon his or her request.
    - i. Because the use of an intoximeter is completely voluntary, nothing in this Code shall be deemed to make a consumption-on-the-premises licensee liable in any manner for the accuracy of such an intoximeter, or for a patron's failure to request its use.
  - h. It shall not be organized or operated primarily for the selling or serving of alcoholic beverages.
- (21) **Special Event Venue.**
- a. Any special event venue that wishes to sell or dispense alcoholic beverages for consumption on-premises shall be required to first obtain the appropriate state license and shall additionally provide at least one individual/employee/volunteer that shall hold and possess a required server certification that will monitor the dispensing of alcohol and the consumers at that location for the signs of intoxication or drunkenness and shall have the ability to remedy such event.
  - b. The hours of sale for consumption of alcoholic beverages on the premises set forth in this chapter shall apply to special event venues.
  - c. Any alcoholic beverage served at a special event to private guests attending a private event must be purchased from an alcohol distributor/wholesaler.
  - d. The special event must receive approval from the city police department on crowd control and security measures. Additionally, this may require the permittee to hire additional law enforcement at their expense to provide for adequate public safety.
  - e. No opened alcoholic beverages shall be removed from the special event venue.
  - f. Food shall be made available to guests at any time alcoholic beverages are served.
  - d. Licensed special event venues shall not be required to obtain separate temporary special event permits.
- (22) **Measurements.** All measurements under this Chapter shall be measured from the front door of the structure from which beverage alcohol is sold or offered for sale; (b) in a straight line to the nearest public sidewalk, walkway, street, road or highway; (c) along such public sidewalk, walkway, street, road or highway by the nearest route; (d) to the front door of the building, or to the nearest portion of the grounds, whichever is applicable under the applicable Georgia statute.
- (23) **Annexed Areas.** Any person(s), establishment, partnership, corporation, or other entity which holds a county license for the sale, manufacture, package, or distribution of alcoholic beverages and which is

---

located in an area annexed by the city shall have thirty (30) days from the effective date of the annexation to apply for the appropriate licenses and permits under this ordinance. The applicant shall pay all applicable fees and costs for the equivalent license(s) to the city according to an annually pro-rated schedule. The limitation on the total number licenses for the package sale of distilled spirits shall not apply where an establishment with such a license from Effingham County is annexed into the City. Where such an establishment is annexed into the City and receives a city license for the same, the total number of such licenses allowed in the City shall be increased by one.

(24) **Proof of Insurance.**

- a. **Proof of Dram Shop Insurance.** Persons holding any license for the sale of alcoholic beverages shall, on or before commencement of sales, or within thirty (30) days of the approval of their application (whether for a new license or a renewal), whichever is sooner, submit to the City Clerk a certificate of alcohol liability insurance (dram shop), in effect for the license period and issued by an insurer required to be licensed pursuant to state law, providing an annual aggregate policy limit for dram shop insurance of not less than \$1,000,000.00 per policy year with a minimum \$500,000.00 sublimit on assault and battery claims. A 30-day notice of cancellation in favor of the city must be endorsed to the policy and attached to the certificate.
- b. **Proof of General Liability Insurance.** Persons holding any license for the sale of alcoholic beverages shall, on or before commencement of sales, or within thirty (30) days of the approval of their application (whether for a new license or a renewal), whichever is sooner, submit to the City Clerk a certificate of liability insurance, in effect for the license period and issued by an insurer required to be licensed pursuant to state law, providing at least \$1,000,000.00 in commercial general liability insurance coverage. A 30-day notice of cancellation in favor of the city must be endorsed to the policy and attached to the certificate.

**Sec. 6-2-12. Sunday sales.**

- (a) **Definitions.** The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

*Sunday sales* means the sale of alcoholic beverages for consumption on the premises in eating establishments or inns between the hours of 12:30 p.m. and 11:30 p.m. on Sundays.

*Eating establishment* means an establishment:

- (1) Whose primary business is the sale of prepared meals;
- (2) Which is licensed to sell distilled spirits, malt beverages or wine; and
- (3) Which derives at least 50 percent of its total annual gross food and beverage sales from the sale of prepared meals or food.

An eating establishment shall have its primary floor area specifically designed, set aside, set up and operating to serve meals and food on the premises and shall have a fully-equipped commercial kitchen to include an appropriate stove, refrigerator, food preparation area, sink and other items required by the county health department and city inspections department for the preparation of food. An eating establishment shall have a printed or posted menu from which selections of prepared meals can be made.

*Inn* means an establishment which is licensed to sell distilled spirits, malt beverages or wines and which derives at least 50 percent of its total annual gross income from the rental of rooms for overnight lodging.

- (b) **Purpose and Intent.** The purpose and intent of this section is to allow those eating establishments that serve the public to sell alcoholic beverages with meals on Sunday. It is not the intent of this section to permit neighborhood taverns and bars to sell alcoholic beverages on Sunday via the mechanism of serving incidental meals on Sunday.

- 
- (c) **License application classifications.** The following three license application classifications and criteria for Sunday sales licenses are established:
- (1) *New applicant at new location* means an eating establishment or inn that has not been licensed for alcoholic beverage sales for any purpose for at least one year prior to application at such place of business.
  - (2) *Application at existing location* means an application for a Sunday sales license at a location which has an alcoholic beverage license under the same ownership or the previous business ownership within the previous license year.
  - (3) *Application at existing location with alcoholic beverage and Sunday sales license (transfer) and/or renewal* means a transfer or renewal of a Sunday sales license at an existing licensed location, licensed within the previous license year.
- (d) **Licensing procedures.**
- (1) An applicant for a new location shall include an affidavit by the applicant certifying to the intent to meet the requirements of this section and that it will be either an eating establishment or inn. Each new applicant, after having operated for a period of 12 months, must provide to the police department a certified public accountant (CPA) or registered public accountant (RPA) certified affidavit as set forth in subsection (d)(3) of this section.
  - (2) An application for an existing location shall include an affidavit by the applicant certifying to the intent to meet the requirements of this section for Sunday sales, and that such location is either an eating establishment or an inn.
  - (3) An application for a transfer or renewal license shall include a certified affidavit from a certified public accountant (CPA) or registered public accountant (RPA) attesting to the accuracy of the financial information supplied to him and that such location derived at least 50 percent (50%) of its gross revenues for the last 12 months of business under present or previous ownership from the sale of prepared meals or room rental in the case of an inn. In the absence of such data, the business owner will not be considered for Sunday liquor sales until a certified affidavit from a CPA or RPA is submitted certifying as to the revenues for the immediate 12 months of business preceding the time of application for a Sunday sales license. Failure to attach such affidavit to an application or failure to comply with the terms of the affidavit will result in disapproval of the application and revocation of the license.
  - (4) Each serving location or place under the same ownership and within the same building or structure under one roof shall be considered one business under the terms of this section, and shall be licensed by one application and one license issued.
  - (5) A separate license shall be required for serving locations in separate buildings under the same ownership or management control, and for all locations under separate ownership or management or ownership control.
  - (6) A separate license shall be required for a serving location within a building or structure if that serving location is under separate ownership or management control from other serving locations within the same building or structure, and in such case, each serving location shall meet the appropriate criteria for a Sunday sales license without considering either food sales or room rental of the owner serving locations within the same building or structure.

### Non-Criminal Justice Applicant's Privacy Rights

As an applicant that is the subject of a Georgia only or a Georgia and Federal Bureau of Investigation (FBI) national fingerprint/biometric-based criminal history record check for a non-criminal justice purpose (such as an application for a job or license, immigration or naturalization, security clearance, or adoption), you have certain rights which are discussed below.

- You must be provided written notification that your fingerprints/biometrics will be used to check the criminal history records maintained by the Georgia Crime Information Center (GCIC) and the FBI, when a federal record check is so authorized.
- If your fingerprints/biometrics are used to conduct a FBI national criminal history check, you are provided a copy of the Privacy Act Statement that would normally appear on the FBI fingerprint card.
- If you have a criminal history record, the agency making a determination of your suitability for the job, license, or other benefit must provide you the opportunity to complete or challenge the accuracy of the information in the record.
- The agency must advise you of the procedures for changing, correcting, or updating your criminal history record as set forth in Title 28, Code of Federal Regulations (CFR), Section 16.34.
- If you have a Georgia or FBI criminal history record, you should be afforded a reasonable amount of time to correct or complete the record (or decline to do so) before the agency denies you the job, license or other benefit based on information in the criminal history record.
- In the event an adverse employment or licensing decision is made, you must be informed of all information pertinent to that decision to include the contents of the record and the effect the record had upon the decision. Failure to provide all such information to the person subject to the adverse decision shall be a misdemeanor [O.C.G.A. §35-3-34(b) and §35-3-35(b)].

You have the right to expect the agency receiving the results of the criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of state and/or federal statute, regulation or executive order, or rule, procedure or standard established by the National Crime Prevention and Privacy Compact Council.

If the employment/licensing agency policy permits, the agency may provide you with a copy of your Georgia or FBI criminal history record for review and possible challenge. If agency policy does not permit it to provide you a copy of the record, information regarding how to obtain a copy of your Georgia, FBI or other state criminal history may be obtained at the FBI website (<http://lab.fbi.gov/obtaining-criminal-history-record-information>).

### Privacy Act Statement

Authority: The FBI's acquisition, preservation, and exchange of fingerprints and associated information is generally authorized under 28 U.S.C. 534. Providing your fingerprints and associated information is voluntary; however, failure to do so may affect completion or approval of your application.

Principal Purpose: Certain determinations, such as employment, licensing, and security clearances, may be predicated on fingerprint-based background checks. Your fingerprints and associated information/biometrics may be provided to the employing, investigating, or otherwise responsible agency, and/or the FBI for the purpose of comparing your fingerprints to other fingerprints in the FBI's Next Generation Identification (NGI) system or its successor systems (including civil, criminal, and latent fingerprint repositories) or other available records of the employing, investigating, or otherwise responsible agency. The FBI may retain your fingerprints and associated information/biometrics in NGI after the completion of this application and, while retained, your fingerprints may continue to be compared against other fingerprints submitted to or retained by NGI.

Routine Uses: During the processing of this application and for as long thereafter as your fingerprints and associated information/biometrics are retained in NGI, your information may be disclosed pursuant to your consent, and may be disclosed without your consent as permitted by the Privacy Act of 1974.
